NO. 51

NEW TAX BILL IS SUMMARIZED

Features Are Emphasized
By State League.

PROPERTIES ARE CLASSIFIED

And the Rates Are Named On
the Different Classes
Of Property,

A PERMANENT COMMISSION

The State Tax League of Kentucky has summarized the proposed new tax laws as follows:

Constitutional Amendment—The new law is in conformity with the Amendment to Section 171 of the Constitution authorizing the General Assembly to—

Classify property for taxation.

Fix the rate of taxation on each class.

Designate which class shall be subject to local taxation.

Permanent State Tax Commission—The new law provides for a permanent State Tax Commission to carry into effect the provisions and exercise supervision over the entire question of State taxation. To devote its entire time to the question and assume the duties of the various boards and commissions now having authority to assess and tax property for State purposes at Frankfort.

Rate of Taxation—The new law fixes the rate of taxation on all taxable property for State purposes at 40 cents on each \$100 of assessed value, instead of 55 cents, as at present, on all classes of property excepting deposits in bank, which are to be taxed at 10 cents on each \$100 for the purpose of encouraging thrift and savings and the circulation of money now sequestered because of excessive taxation. In other respects taxation for State purposes will be absolutely uniform on all classes of property, whether owned by the residents of towns or the country.

Apportionment of Revenue—The apportionment for each item of expense remains undisturbed, and the General Expense Fund, the School Fund, the Sinking Fund, the Kentucky University and Road Tax will receive the same exact proportion of the revenue as heretofore.

Real Estate—Real estate will be taxed as at present and according to its locality in the country or towns and cities for State purposes at the uniform 40-cent rate, and for county, town or taxing districts at the local authorities. The value of real estate depends on its location and surroundings improvements and should naturally contribute toward the maintenance of such improvements.

Personal Property—Personal property is segregated into classes and each class will be taxed uniformly, whether owned by the resident of a town or the country for the purposes for which it is taxed.

Money and Credits—Money in hand, notes, bonds, accounts and shares of stock in foreign corporations having less than 25 per cent of their taxable property in Kentucky will be taxed for State purposes only, at the uniform 40-cent rate in lieu of all other taxation.

Officers in the quartermaster branch say the increase is due to the higher cost of beans, flour, sugar, lard, butter, vegetables and fruits. Because of increased prices of leather and cloth for shoes and uniforms it also costs the Government more to clothe the soldiers.

Approximately 150,000 pounds of turkey that will be needed for the Christmas dinner of the soldiers will cost the Government 35 cents a pound, or 1 cent more than the price paid for their Thanksgiving turkey.

present, and the assessment will be made by the permanent Tax Commission instead of the State Board of Control. Banks have heretofore been assessed on a different basis of valuation from other property, and it is not proposed to disturb this arrangement.

Bank Deposits—Bank deposits are placed in a separate class and depositors will be taxed at the rate of 10 cents on each \$100 on money on deposit September 1, which tax may, however, be paid by the banks for their depositors or by the depositors themselves, and this nominal tax is calculated to largely increase the deposits in banks, as money not so deposited will be subject to the State tax rate of 40 cents.

Railroads and Public Service Corporations—Railroads and public service corporations will be assessed by the permanent Tax Commission and the taxes on the various classes of property they may own will be the same as for individuals—40 cents for State purposes on property taxed for State purposes only and such local taxes as the local authorities fix on property subject to same. The value of franchises will also be fixed by the State Tax Commission and the new law dispenses with all other State Taxing Boards and taxing privileges of other commissions at Frankfort.

Merchants—Merchants will be taxed on their goods and tangible personality as heretofore, but at the lower State tax rate of 40 cents, and such local rates as may be fixed by the local authorities. Notes, accounts and cash in hand will be taxed for State purposes only at the uniform 40-cent rate in lieu of other taxes and bank deposits at 10 cents on each \$100.

Manufacturers—Manufacturers will be subject to the payment of State taxes only on their machinery and raw material and product in course of manufacture, notes, accounts, cash in hand and other intangible personality at the rate of 40 cents, and bank deposits at 10 cents on each \$100. Their real estate will be subject to State and local taxes as at present.

Farmers—Farmers will be subjected to the present taxation on their land and improvements, but the tax rate for State purposes will be 40 cents instead of 55. Agricultural implements and machinery will be taxed for State purposes only at the uniform 40-cent rate. Crops grown within the year are exempt from all taxation. Bank deposits will be taxed at 10 cents on each \$100, and this tax may be paid by banks. Cash on hand, notes and accounts, taxable bonds and stocks will be taxed for State purposes only at the uniform 40-cent rate.

Livestock—Livestock will be taxed as at present, but the State tax rate will be 40 cents instead of 55 cents.

Household and Office Furniture—Household effects, including pictures, musical instruments and jewelry, will be taxed as at present, but the State tax rate will be 40 cents instead of 55 cents, and there will be the present exemption of \$250 for heads of families.

THIRTY CENTS A DAY PROVIDES FOOD FOR EACH

San Antonio, Tex., Dec. 15.—The daily ration for soldiers in the border service cost 30 cents a man for December, an increase of more than 5 cents over the figure of a year ago.

Officers in the quartermaster branch say the increase is due to the higher cost of beans, flour, sugar, lard, butter, vegetables and fruits.

Because of increased prices of leather and cloth for shoes and uniforms it also costs the Government more to clothe the soldiers.

Approximately 150,000 pounds of turkey that will be needed for the Christmas dinner of the soldiers will cost the Government 35 cents a pound, or 1 cent more than the price paid for their Thanksgiving turkey.

BILL TO CLOSE MAILS TO LIQUOR ADVERTISEMENTS

Washington, Dec. 15.—Legislative measures aimed at the destruction of the liquor traffic continue to accumulate in Congress, both Houses being deluged with petitions urging the adoption of national prohibition and the passage of other anti-liquor measures.

The house postoffice committee opened the door to another phase of the problem today when a bill was signed to close the mails to liquor advertisements was favorably re-

only 40 cents instead of 55, as at ported.

Brittish Military Experts Say German Move Caused By Fear

London, Dec. 16 (3:45 p. m.)—Despite its blatant and arrogant tone, Chancellor von Bethmann-Hollweg's peace speech offers us much encouragement when considered from a military standpoint, said Gen. Frederick D. Maurice, chief director of military operations at the British War Office, on discussing today with the Associated Press the military significance of the German Chancellor's peace offering. Gen. Maurice continued:

"Of course, until we receive definite terms, it will be impossible for us to discuss the German peace terms. The military reasons which led to their utterance certainly are not discouraging to us.

"The Germans know we are capable of a greater offensive than we launched last summer on the Somme and they do not like the prospect. We are increasing our forces and our munitions and are improving our positions.

"Lately, independently, but from similar data we and the French have computed the German losses on the Somme and have arrived at exactly the same results, which may be expressed as follows:

REINCARNATION OF BULL MOOSE

Progressives Who Kept Faith Pull Themselves Together—Convention in St. Louis.

New York, Dec. 15.—"Reincarnation" of the Progressive party with a "new sense of party independence" based upon "the new liberal spirit," was agreed upon at a conference of prominent Progressives from several States held here today.

Funds were subscribed to open a national Progressive headquarters in this city until the national convention meets in St. Louis. Permission for "those leading Progressives who have made party mistakes" to re-enter the party were discussed, but no action was taken.

Assurances also were given to those who seemed to fear that the "reactionary group of Progressives" might gain control of the St. Louis convention, that only those known to be "loyal and true Progressives who had refused to go over to the Republicans or Democrats," would have a voice in organizing the new party.

Hale At Helm.

The conference, which was called by Matthew Hale, of Boston, national vice chairman of the Progressive party, lasted three hours. Mr. Hale was authorized to select a committee to plan for the national convention some time around Washington's birthday. Its members will be announced later.

A resolution reaffirming the Progressive platform of August, 1912, was adopted. Amendments expressing "the desire of the Progressives to co-operate with the liberal elements of every party and to disregard any party affiliations since that time, even the choice of the Progressive element in the recent election," were attached to the resolution.

The people who believe matches are made in heaven forget that some of them are tipped with sulphur.

In the border patrol work the reg-

Negotiations Are Under Way To Settle Railroad Strike

Evansville, Ind., Dec. 15.—W. G. Lee, president of the Brotherhood of Railway Trainmen, publicly declared here today before the Central States conference on rail and water transportation, that negotiations are under way between the brotherhoods and railroads, looking to settlement of their entire controversy, out of court, before January 1, when the Adamson law becomes effective.

"I know I am not betraying confidence," he said, "when I say some of the best brains in the high chambers of the operating departments of the railroads favor something satisfactory to both sides and that they have discussed it with us. I left them only Wednesday in New

YORK and will be back very soon. We know if we don't work out the situation ourselves, somebody is going to work it out for us in a way not acceptable to either side.

"We know that for twenty-five years these organizations have dealt across the table in a most friendly spirit, and I believe there is sufficient intelligence on both sides of the table to enable us to get together, manlike, and thresh these things out and reach a middleground."

Mr. Lee predicted that if the present negotiations come to a successful end the disputes between railroads and employees will be taken out of politics by establishing some kind of a federal commission to take the place of the present board of mediation and conciliation.

ments are broken up into companies and located at intervals along the border. Frequently the companies also are broken up and smaller stations established in order to give protection to every point. Cavalry stations are also established and patrols along the border made nightly.

EIGHT-HOUR ACT REPEAL FOUGHT

Chastise Both Sides, If Necessary Says Adamson

MEASURE PASSED GOOD FAITH

Must Stand—Compromise Between Factions Will Be Highly Welcomed.

THIS MAY END COURT ACTION

Washington, Dec. 16.—Reports that railroad and brotherhood heads in peace conferences have planned to

propose the repeal of the Adamson act and the substitution of a working agreement of their own making for it today aroused Representative Adamson, author of the law, to declare that Congress would "spank both sides to the controversy if necessary."

Mr. Adamson, who is the House representative of President Wilson in railway legislation matters, is willing to compromise in a way that employees and employers may evolve for the interpretation of his law as applied to working conditions, but will vigorously oppose repeal of it, as he thinks will the majorities of both houses.

Will Not Repeal.

"Congress will not agree to any repeal of the Adamson law," he said tonight. "The measure was passed in good faith and it is a constitutional enactment regulating hours of labor and not wages. Let the roads and their men settle their wage disputes.

"I hope that the negotiations between the railroads and their employees will result in an agreement which will not make further legislation necessary, but Congress will see that the public gets a fair deal.

If it becomes necessary to spank both sides we'll spank them, though I hope that won't be necessary."

Representative Adamson looks upon the efforts of the railroad and brotherhood heads to get together optimistically, however. He says the result of the presidential election made the employers more eager for peace than they were last fall and that the growing belief that the President stands for a compulsory arbitration law has put the brotherhood leaders in a conciliatory frame of mind.

Strike Investigators.

Neither labor nor congressional leaders here have official reports as to just what phases of the railway situation the conference have taken up. Belief is current, however, in congressional circles that the foremost feature of the final agreement

will be an interpretation of the Adamson law so satisfactory to both sides that the suit to test the act's constitutionality, now before the Supreme Court, may be withdrawn.

Repeal of the law, it is thought, hardly will be suggested. It is pointed out that many members of both houses, having defended the law on the stump last fall, would not be anxious to defend the repeal of it in the next campaign.

A plan for the investigation of threatened strikes also is expected to result from the deliberations. Labor is determined that no compulsory arbitration law shall go on the statute books, but, realizing that the President evidently is very serious in his determination to prevent strike crises without investigation, they will exert every effort to draft a compromise plan that will have his endorsement.

No Interference.

The conferences are proceeding, all parties to them maintain, without the official promise of Administration leaders that action on the President's railway legislation program will be held up pending an agreement. Congressional leaders are watching them closely, however, and nothing will be done to interfere with their progress for the present.

Mr. Adamson will make an attempt in the House tomorrow to get unanimous consent for action on his resolutions designed to provide for a conference of the life of the Newlands commission, investigating all phases of the transportation problem

(Continued on 8th page.)

KODAK

Deciding What to Give This X-mas

Will be easy, as nearly everything has advanced in price
EXCEPT JEWELRY.

There has been no raise on gold and filled jewelry and many other articles in our line, but Clocks, Cut Glass, and Silverware have advanced some.

We urge you more than ever to buy early this year, as materials of all kinds are so scarce that the factories may run short a little later. So as jewelry is the most appropriate gift, and always has been, as it can be kept longer and appreciated more, why not go right now and select your present and have it put back?

We also test eyes, fit glasses and frames and guarantee them, and we are always here to back them up.

J. B. Tappan,

Jeweler and Optician,

But we had a good supply on hand before the advance, which will go at the old price as long as they last.

We have, for the ten years we have been here, steadily increased our stock both in quality and quantity, and this year is by no means an exception. There are too many things to mention, but a few are Watch Bracelets, Necklaces, Rings, Tie Clasps, Stick Pins, Silverware, Cut-glass, and Eastman Kodaks. The Watch Bracelets and Eastman Kodaks are extremely appropriate this year.

Editors Voice Opinions on Peace Proposals Made by Teutonic Allies

Baltimore American—There can be no doubt as to the genuineness of the desire of Germany to bring to a close the world massacre that has wearied all of the nations engaged in it. There can be no doubt as to the readiness of the allies to come to an agreement with the Central group. The matter of world peace under existing conditions is too grave for a proposition to secure this to be treated lightly or with outright scepticism.

St. Paul Pioneer Press—Admittedly the situation just at this moment does not lend itself to peace probabilities, even though every combatant may yearn with unaffected earnestness for the end of the strife. It scarcely is conceivable that Germany, taking the initiative and in view of her recent utterances, could propose terms that would be acceptable to the Entente Allies.

Philadelphia Ledger—Germany apparently is playing, not so much for peace, as for the conciliation of neutral opinion. She does not expect the Allies to accept these terms, no one does. But by offering them she puts upon them the responsibility of continuing the war. That is why her move is such a clever one.

Philadelphia Inquirer—There is something a bit sinister in the note which the German allies have submitted. It declares that the object of the peace proposals is to obtain a guarantee of the existence, honor and liberty when Germany forced the war. A return to the status quo with Prussian militarism rampant and in a position ever to threaten the peace of the future would leave everything up in the air.

New Orleans Times-Picayune—Allies should go slow in accepting terms, and weigh the matter carefully.

Boston Record—The purpose of the peace suggestions from Berlin today presumably represents three directions of thought:

1. That the Central Powers have won as much material advantage from the war as is possible.

2. That projection of these proposals may persuade some neutral sentiment into more complacent regard for the Central Powers' aspirations.

3. That dissension may be sown among the Entente Allies.

Louisville Herald—Germany's peace terms are the terms of a conqueror. That they will be so much as considered by the Entente is not for a moment to be believed. The most important consideration of all—the removal of the menace of military domination—is not so much as referred to—and without some understanding that should dispose of that Damoclean threat all talk of peace would be futile.

Boston Globe—The German Government would not talk peace if it thought it could win world domination. In the international poker game of war and diplomacy the man who is ahead looks for an excuse to stop. But, while it takes two to make a quarrel it also takes two to make peace.

St. Louis Globe-Democrat—In view of the successes of the Central Governments in the East and the many could not have found a more

propitious time to make a tender of peace. The Central Powers are at the height of their success. The Teutonic confederation has proved its strength as never before. Its armies are in France, Serbia, Russia, Roumania, Belgium. It may have strained itself to the limit, but it has conquered. The allies of the Entente are in temporary disorder. Russia has upset its Government. So has Great Britain. France is retreating. The military commander who, not long ago, was its idol, and the nation's hope.

Louisville Courier-Journal—What does it mean? That is the question that will be asked on all sides at the news of the Central Powers' proposal for peace. It is not surprising that they have made the proposal. They, or Germany, which is the same thing, have made overtures for peace more than once before, and the world has understood for some time that Germans are ready and anxious to end the war if she should do so on terms that would not savor of humiliation to her. The element of surprise in her present initiative is that she should announce her readiness to quit on what are intimated as terms of the restoration of the status quo before the beginning of the war.

THIRTEEN GRANTED LIFE TEACHERS' CERTIFICATES

Frankfort, Ky., Dec. 14.—The State Board of Education has granted life teachers' certificates to Emma J. Walker, Covington; Hallie Jones, Louisville; Robert Allison, Russellsburg; Agnes Baker, Oldham; Pierce Dotson, Scottsville; Ada Crosweller, Covington; L. B. Harrington, Franklin; Mary B. Walker, Covington; Joseph Russell, Trammel; Cora Bickers, Lexington; Mary Atwood, Clinton; Theola Mayfield, Worley, and Sophia Gibson.

High school certificates were granted to Paul B. Boyd, Leitchfield; James Calvin, Hickman; Daisy M. Porter, Lexington; Vera Corbett, Smith's Creek.

Certificates were granted to high schools at Cold Springs, in Campbell county; Hardin, in Marshall county.

PROMISED \$300 BONUS FOR EACH EXPLOSION, HE SAYS

San Francisco, Cal., Dec. 14.—Louis J. Smith, star witness for the prosecution in the Government's case against Franz Ropp, German Consul General here, and five others on charges of conspiring to violate American neutrality, testified today that he had been promised \$300 a month and expenses with a bonus of \$300 for each explosion in connection with plans to upset war munition shipments to the Entente Allies. Smith himself is under indictment on the same charge.

Smith said he first met Baron George von Brincken, a defendant consular attaché, in the German House, a club, in San Francisco, on May 8, 1915. Smith said he informed von Brincken of a shipment of dynamite from a California power plant to Seattle from where it was to be reshipped to Vladivostok.

Neglected Colds Grow Worse. A cough that racks and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsams in Dr. Bell's Pine Tar Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all druggists, 25c.

THREATS MADE BY GENERAL GONZALES

To Assist Garza in Retirement Of the American Punitive Expedition.

El Paso, Tex., Dec. 14.—Gen. Alvaro Gonzales, provisional governor of Chihuahua, declared in his first proclamation to the people after the reoccupation of Chihuahua City by Carranza troops that he would soon be ready to join the First Chief in forcing the retirement of the American punitive expedition.

An original copy of the printed manifesto, which is dated December 6, was brought here today from Chihuahua by a refugee.

Line of Action. Gen. Gonzales began his proclamation by saying that the people have the right to know the line of action their governors intend to pursue while in office.

"The State of Chihuahua," he continued, "must lament the disgrace of seeing its sacred soil desecrated by the proud Saxon troops, a misfortune that the bandit Villa caused by his deeds at Columbus. As these deeds not only injure the sovereignty of the State, but also of the country, it is to the central Government that belongs the solution of this conflict which threatens the nation itself."

"The patriotic attitude of the First Chief in the face of this lamentable incident is well known to all Mexicans. His forces have not a single moment ceased to work toward a solution of the same by diplomatic ways, preserving national pride and autonomy."

Force Retirement.

"To support this attitude in our sphere of action will be always a satisfaction to the Government of this State, which may soon be ready to unite its forces to those of the general Government to bring about that the forces of Pershing's punitive expedition, so well known but so unjustified, may withdraw as soon as possible from the State."

The rest of the manifesto Gov. Gen. Gonzales devotes to promises of educational, financial and internal reforms and of cleaning out the rebels.

Constipation Causes Bad Skin.

A dull and plump skin is due to a sluggish bowel movement. Correct this condition and clear your complexion with Dr. King's New Life Pills. This mild laxative taken at bedtime will assure you a full, free, non-gripping movement in the morning. Drive out the dull, listless feeling resulting from overloaded intestines and sluggish liver. Get a bottle today. At all druggists, 25c.

Billy Sunday's Epigrams

Made In Praise of Mothers

"The bravest battle that ever was fought, should we preachers would have little to do."

"Shall I tell you where and when? On the maps of the world you'll find it not—

"Twas fought by the mothers of men."

"Thus Billy Sunday paid his tribute in Boston to the mothers of the land when twice, afternoon and evening, to an aggregate of 26,000 people, most of them mothers, he preached his famous sermon on 'Mothers.' Under the spell of his sermon 1,002 men and women hit the trail."

"Here are some of the high lights of Sunday's sermon on 'Mothers':

"I want to tell you women that fooling away your time hugging and kissing a poodle dog, caressing a Spitz, drinking a society bran mash and a cocktail and playing cards is mighty small business compared to molding the life of a child."

"Get the boys and girls started right and the devil will hang crepe on his door, bank his fires and hell will be 'for rent.'"

"The Bible should be on every teacher's desk, and the opinion of those who are opposed to it can go to perdition."

"If men had half as much grit as women there would be different stories written about a good many homes."

"If the mothers would live as they should, we preachers would have little to do."

"The devil gets in many a boy by getting in his daddy first."

"When a woman's heart and a baby's tears get tangled up together, something happens that gives the devil cold feet."

"If the devils in hell ever turned pale it was the day when mother love flamed up for the first time in a woman's heart."

"No woman has any more right to raise her children for pleasure than I have to pick your pockets or throw red pepper in your eyes."

"Being a king, an emperor or a president is mighty small business compared to being a mother or the teacher of children."

"If you want to find greatness, don't go toward the throne; go to the cradle, and the nearer you get to the cradle, the nearer to greatness."

Five Million More Men Needed.

London, Dec. 14.—A supplementary estimate issued today provides for an additional 1,000,000 men of all ranks for the army service during the present fiscal year. The original estimate was for 4,000,000 men.

Colds

Coughs

Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

PERUNA CONQUERS

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days.

Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system.

The experience of thousands is a safe guide to what it may be expected to do for you.

Liquid or tablets—both tested by the public and approved.

THE PERUNA COMPANY.

COLUMBUS, OHIO

FEW AUSTRIAN RULERS POPULAR

**Charles Francis Joseph, 29
Years Old, Admired for
Democratic Traits.**

**FAILS AS A WAR CHIEF, BUT
WON SEVERAL SMALL VICTORIES AT
THE BEGINNING AND THEN
DISASTER CAME.**

EASY-GOING AND ENJOYS LIFE

An amiable, easy-going, happy young prince who envied his uncle and grand-uncle because they had renounced their succession to the Austrian throne and married from among the people, today assumes the throne of Austria.

A little more than two years ago Archduke Charles Francis Joseph was not worrying about thrones and empires. He was second in line for the title of emperor of Austria and apostolic king of Hungary, but ahead of him was his uncle, the virile, powerful Archduke Francis Ferdinand, still young and promising to rival the famous Francis Joseph for longevity. Fate, however, removed both within two years.

The new emperor is twenty-nine years old. He was born August 17, 1887, son of Archduke Otto Francis Joseph, a brother of Francis Ferdinand. The Archduke Otto died eight years ago. The strain in insanity which is known to run thru the Hapsburg family, of which Charles Francis Joseph now becomes the head, is doubly intensified in the new reigning family. The new emperor married on October 11, 1911, the Princess Zita of the Bourn house of Parma. Charles' father was half mad. The new emperor is one of twenty children, of whom seventeen were imbeciles. The new royal pair have two children, the eldest whom, the Archduke Charles Francis Joseph Otto, was born November 20, 1912. Both children appear to be normal.

Of the personal habits of the new emperor, of his likes and dislikes, little is known, except that he is easy-going, enjoys life and has no liking for statesmanship. It is said that previous to the assassination of the Archduke Francis Ferdinand there were people in the royal court of Vienna who had never met him. He spent most of his time at his several castles with his beautiful wife and young son, enjoying the hunting and books.

Defeated By Russians.
When the war broke out, however, he took command of an army on the eastern front. The young prince won several small victories and then disaster came. The Russians whipped his armies, took a great number of prisoners and there was talk that the end of Austria as a military power was near. German officers, however, came to the rescue, the young prince was superseded and the fighting went on. He has been at the eastern front since that time, but questions of military strategy are decided by the German staff.

In spite of his apparent failure in the war the new emperor is extremely popular with the people of Austria and Hungary. When Archduke Francis Ferdinand was heir to the throne there was talk that the dual monarchy would crumble because of the uncertainty; that he would not know how to play the game of compromise that alone has kept the heterogeneous combination from breaking into three or more kingdoms.

It when the young Archduke Charles became heir apparent the talk ceased in Austria. It was felt that his good nature, democratic spirit and willingness to compromise would make his reign as popular as that of his illustrious grand uncle.

Fond Of Opera.
Old things are told about the new emperor. He is fond of the opera and of lighter music, and he is quoted as having said that he had seen the "Merry Widow" fifty times. Before the war he often amused the population of Vienna by wheeling his young son through the streets of the city in a perambulator. And, strangest thing of all for a Viennese, he hates display and ostentation at the several garrisons to which he was sent as an army officer he lived with his wife on a scale that made the ordinary officers wince. They were used to royalty that lived high.

The new emperor, like most Austrians, is a good linguist. He

speaks German, Hungarian, French, English and Italian.

The new empress is the thirteenth of the twenty children of Duke Robert of Parma, nine of them being sons and eleven daughters.

The villa where the betrothal took place—Pianoro, near here, in Tuscany—is the last of the late duke's Italian possessions.

The widowed duchess, Infanta Marie Antonia of Portugal, was a great beauty. She was the youngest and handsomest of the six Braganza sisters, whose brother was Dom Miguel, the pretender to the throne of Portugal, and one of whose nephews, the duke of Vizeu, married Anita Stewart, of New York.

The match was made by the Archduchess Maria Theresa, who was assassinated in Geneva. Emperor Francis Joseph's daughter had tried to catch young Archduke Charles for her daughter, Archduchess Ella. Archduchess Maria Theresa and her sister, the Duchess of Parma, brought Charles and Zita together, and Cupid did the rest.

Has Faith In America.

In an interview for publication in America given about a year after the war began the young archduke, now emperor, said:

"I have confidence that a just nation like America will be just to Austria-Hungary. I believe, too, that with its traditional love for justice and fair play it is willing to examine impartially the facts and circumstances leading up to this war and to render a verdict in accordance with the same."

Austria-Hungary is innocent of any wish or desire to provoke this world-wide conflict. Serbia had every opportunity to make amends. We made it plain to the world that we were not seeking her territory. We wished to put an end, once and for all, to an intolerable meddling with our domestic affairs.

If this monarchy had been left to deal with Serbia alone there would have been no war and the matter would have been settled long ago.

Defends Austria's Position.

"Americans have naturally inquired why it was that Serbia had recourse to arms in preference to acceding to demands that were just and reasonable under the circumstances, and which had in view the safeguarding of elementary national rights. They have naturally inquired why it was that Russian forces were mobilized upon the Austria-Hungarian frontier, when a word of friendly advice to Serbia would have rendered war needless and unnecessary. Unfortunately that word of good advice was not given, but, on the contrary, a fatal order to mobilize, which has converted Europe into an armed camp and has brought untold misery upon both neutrals and belligerents.

"I wish to state that Austria-Hungary and Germany are today waging a war of defense which they have striven for years to avert and postpone.

"I wish to state, too, that between this monarchy and her powerful ally there is the utmost harmony in all questions affecting the conduct of the war."

FAMILIES OF PUBLISHERS MAY RIDE ON PASSES

Frankfort, Ky., Dec. 14.—Employees and members of the families of newspaper publishers may use passes after the first of the year as well as the publishers themselves. Attorney General Logan, in response to an inquiry from newspaper men as to who are entitled to ride on passes, received in exchange for advertising, said:

"The anti-pass law permits the exchange of transportation for advertising; but in my opinion the use

of the transportation should be limited in the contract between the advertiser and the railroad. It

should not be used generally, and I do not believe it would be well to permit the newspaper to dispose of

the transportation to the public generally. In my opinion the use of the transportation should be confined to the publishers of the newspaper,

their families and their bona fide employees. This matter can be arranged by contract between the railroad and the newspaper."

Stop That Cough.

A hacking cough weakens the whole system, draining your energy and gets worse if neglected; your throat is raw, your chest aches and you feel sore all over. Relieve that cold at once with Dr. King's New Discovery. The soothing pine balsams heal the irritated membranes, and the antiseptic and laxative qualities kill the germs and break up your cold. Don't let a cold linger. Get Dr. King's New Discovery today at your druggist, 50c.

BREWER-BANKERS RING IN ST. LOUIS

**Hit Hard By W. J. Bryan
In Four Hours' Talk
Recently.**

CAPITAL, LABOR AND VOTES

**Necessary to Make Saloons Pos-
sible—Better License
Highwaymen**

THAN OPEN DOORS OF SALOONS

St. Louis, Mo., Dec. 13.—There was just one person in St. Louis yesterday, so far as the federal council of the Churches of Christ in America was concerned—William Jennings Bryan.

There was just one subject which stirred the crowds which heard him—prohibition of the liquor traffic.

Mr. Bryan consumed four hours in talking. One hour and fifty minutes was spent in the address in the Second Baptist church, the rest of the time in the tabernacle and in the St. John's Methodist Episcopal Church, South, the latter an overflow church.

For an hour and a half the crowd stood at the doors waiting to get in, and hundreds were turned away.

Hits St. Louis Brewers.

Mr. Bryan followed the line of argument he used in Chicago in his recent visit, but when this difference, he singled out for denunciation the St. Louis brewers and the bankers who supported the brewers in the last campaign in opposing prohibition, which carried outside of the city by 75,000, only to be defeated by the St. Louis vote.

It is a matter of common knowledge that many of the St. Louis bankers joined with the brewers and with some of the business men in officially indorsing resolutions in opposition to prohibition. Mr. Bryan used this knowledge in chastising them and in defying their influence for the future.

Uncle Sam Knows Better.

"If the bankers of St. Louis think that alcohol is good for a boy," he said, "why don't they try to get Uncle Sam to feed it to the boys who are in training in our naval school for the United States navy? Uncle Sam knows better than to do this."

"In Austin, Texas, an old man eighty years of age, who had always stood for liquor, declared he was now for prohibition. When asked why, he said, 'Drink has robbed me of all my boys.'

"I pray God that your bankers and business men who opposed prohibition in St. Louis may be spared the results they have earned. If saloons are good for a town or city why not advertise the fact among your assets? Yet I venture to say your business men or bankers in advertising St. Louis would not name the number of saloons here as one of the attractions of this city."

Bryan Lays On Lash.

But Mr. Bryan laid on the lash with still greater vigor.

"The brewers know how evil the saloon is as well as you do," he said, "yet the brewers held the ox whip over your bankers. These bankers dare not live where the saloons which they own are located. You haven't money enough to get them to allow the saloons to be opened in the same block in which they have their fine residences."

"They plant their saloons among the poor. They are murderers. God never let any man get big enough to defy his laws. It takes capital, liquor and votes to make the saloons possible in any community."

"There are a few professed anarchists who march under the red flag and speak from the curbstones, but the real anarchists are the liquor interests which say they will defy the law and sell liquor anyway no matter what the law says. These interests tell you that you don't dare close the saloons."

Better License Highwaymen.

"You had better license highwaymen and burglars than the saloon. The highwaymen and the burglars would be willing to pay you a good per cent and would only take up what is loose, but the saloon is so much worse there is not a woman whose virtue it will not sell nor a man whose valor it will not undermine."

Mr. Bryan then promised St. Louis, as he promised Chicago, to come again at his own expense and help them fight for a dry St. Louis.

"I can't talk longer now, but when the brewers try to bulldoze your people and business men again I will come back and finish my address."

Until you serve it, you will never know how much pleasure coffee can give

A million other women have learned what good coffee means—they have solved this question in their homes for all time.

They know now that to get good coffee, the coffee itself must be right.

There are hundreds of varieties of coffee grown. The coffee itself must be put up by men who know coffee. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. There is more of it sold than any other coffee—that is why they can afford to give you the biggest value for your money.

And no matter how good coffee itself is, if it isn't well taken care of, it makes a poor drink. Arbuckles' Coffee is put up in sealed, dust-proof packages, carefully wrapped to protect it from moisture, dirt and store odors. It arrives in your kitchen with all its original strength and flavor.

Have in your home the enjoyment of drinking the coffee which, of all the coffees in America, is the most popular! Solve your coffee problem in the identical way a million other women have. Serve Arbuckles' Coffee tomorrow—know how much pleasure coffee can give.

ALL PAUPER CLAIMS WILL BE PROBED

Frankfort, Ky., Dec. 13.—State Inspector and Examiner Nat B. Sewell purposes, he says, inquiring into pauper idiot claims. He has discovered and will call to the attention of the Auditor's department one idiot in Clinton county for whose maintenance \$75 annually is being drawn although the parents are not paupers, he says. The State pays out \$170,000 annually for their maintenance. Every county has from one to 182 pauper idiots drawing maintenance.

The statement was contained in a report on Clinton county, where he recovered from the county officers \$38.47 due the State.

In a report on Magoffin county he recovered \$304.80. One claim of \$900 against former Sheriff Robert Reed is contested by Mr. Reed, who said the capias and executions for these fines and forfeitures had not been given to him.

MRS. JAMES EXPECTED JANUARY 12 FROM JAPAN

Washington, Dec. 14.—Mrs. Ollie M. James, wife of Kentucky's senior Senator, who is visiting in Japan, will return to Washington January 12, according to a cable message received here today. She is the guest of Mr. and Mrs. Post Wheeler at Tokio.

Sloan's Liniment Eases Pain.

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds.

Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all druggists, 25c.

Superintendent Ozna Shultz mailed out checks to the various teachers the first of the week for their monthly salaries.

FOR SALE—Mammoth Bronze Toms, \$5 each.

MRS. BEN H. BENNETT,
5014 Hartford, Route 1.

Mrs. Dr. N. Barne-t visited friends and relatives at Fordsville and in Breckenridge county from Monday to Thursday. [Caneyville News]

Mr. J. P. Sanderfur has sold his 16 1/2-acre tract of land at the far end of the Fair Grounds to Mr. J. W. Wilson. Consideration, \$1,500.

Mrs. A. D. White, who met with a painful accident, mention of which was made in these columns last week, is getting along as well as could be expected.

Not many know that the walnut trade is assuming the proportion it is. Mr. Henry Pirtle, secretary of the A. S. of E., informs us that he

paneled and after bearing the evidence he was declared to be of unsound mind and was taken to the asylum at Hopkinsville, Monday afternoon. Uncle Weaver is 80 years old and this is a peculiarly sad ending of a useful life.

Mr. W. G. Duncan and wife, of Greenville, went to Bessemer, Ala., the first of this week to spend the holidays with their son and daughter, Rev. and Mrs. Swallow. After the holidays Mr. and Mrs. Duncan will go to Florida, where they will spend the winter months.

At a called meeting of the City Council last Monday afternoon, Mr. W. H. Burton tendered his resignation as marshal of the town of Hartford. Same was accepted and Mr. Perry Casebier was elected in his stead. The resignation of Mr. Burton was the sequel to his failure to arrest Raymond Phillips, who was drunk and very disorderly on the streets last Sunday afternoon, and who was finally arrested by Sheriff S. O. Keown, and with the assistance of bystanders, placed in jail where he remained until Monday morning when he went before Police Judge C. M. Crowe and entered a plea of guilty and a fine of \$10 and costs was assessed against him, which was replevied and he was released. Phillips is a good citizen when sober and be it said to his credit, rarely ever goes on a tantrum, but when he does, seems to lose all reason. This was his plight Sunday afternoon.

PRYOR RINGO HURT
WHILE ON GUARD DUTY

The Owensboro Inquirer of Dec. 15th says:

Information has been received in Owensboro regarding an accident to Pryor Ringo, 20-year-old son of Mr. and Mrs. Ben Dr. Ringo, a few days ago near Fort Bliss, El Paso, Tex. Young Ringo enlisted when President Wilson called out the State troops. He is in the signal corps station at Ft. Bliss. While doing mounted guard duty, his horse stepped in a hole on the prairie and fell to the ground, the fall breaking the animal's neck. The horse rolled over on his rider, but Ringo finally succeeded in pulling himself away. However, he was considerably bruised and is now confined in the hospital at Fort Bliss. A letter from the officials at that Fort to Mr. Ringo stated that while the young man would be confined to the hospital for some time, he was not seriously injured.

MISS DUKE ENTERTAINS

One of the most delightful social functions of the season was a theatre party given at the Star, Friday evening by Miss Verna Duke. After the theatre the guests retired to the dining room of the Commercial Hotel where a course dinner was served.

The dining room was profusely decorated in red carnations and evergreens. A basket filled with red carnations surrounded by silver candle sticks bearing red tapers, formed the center piece for the table. The red color scheme was tastefully carried out through the dinner. The sandwiches were tied with red ribbon and each guest was given red carnations as favors. Covers were laid for the following: Misses Willie Smith, Clara Robertson, Hettie Riley, Mrs. E. G. Barrus, Ruth Riley and Verna Duke. Messrs. E. Y. Park, Clarence Iggleheart, Henderson Murphree, A. D. Kirk, Mack Fogle and E. G. Barrus.

Mr. Don Tichenor, one of Hartford's most popular young business men, has sold his restaurant on Main street and left yesterday for Crescent City, Florida, where he contemplates locating. Don knows the value of printer's ink and will be a success wherever he goes.

Dr. B. T. Tichenor, son of Don Tichenor, and John Glenn left yesterday morning for Crescent City, Florida, where they go prospecting with the view of making their home in the future. These are all good people whom we regret to lose from our town. Mrs. Tichenor will remain in Hartford for a month or six weeks.

FARM FOR SALE—180 acres, 1 1/2 miles east of Hartford, divided by L. & N. railroad, 50 acres good bottom land, 100 acres cleared. Good water supply. Will sell one-half if desired. Excellent title and price is right. Location could hardly be better. Apply to L. P. FOREMAN, Hartford, Ky.

Mr. and Mrs. M. L. Heavrin, who were called to Washington, D. C., December 3d, on account of the serious illness of Mr. Roy Heavrin, Mr. Heavrin's brother, arrived home Monday afternoon, his brother, who had been very ill of pneumonia, now being better and pronounced out of danger by his physician.

We Care For Dumb Beasts.

We have opened a hitch and feed stable in the building recently occupied by Cooper & Co., and are ready to meet your wants in that line. Leave your horse where you know it will be cared for.

Jeweler and Optician,
Beaver Dam, Ky.

LAND FOR SALE.

We will sell at the court house door in Hartford, Ky., on Monday, the first day of January, 1917, at about one o'clock p. m., by public auction, 210 acres of bottom land, situated 2 1/2 miles west of Hartford. This land lies immediately on the north of Rough river—40 acres in fine state for cultivation, remainder in woods. This is high bottom land and can be easily drained to river which binds it on south and public ditch which binds it on north.

Terms of sale: One-third cash, remainder on time. For further particular call on or address.

WAYNE STEVENS,
Hartford, Hartford, Ky.

Or W. M. HEFLIN,
Or W. M. HEFLIN,
Hartford, Hartford, Ky.

For Sale Or Rent.

I have a good farm both bottom and upland with plenty of water and timber that I desire to sell. Also four good young horses or will sell the stock and rent the farm to the right party. Will sell the land on easy terms.

ALBERT COX,
Hartford, Hartford, Ky.

BARROOMS MUST GO TO CHECK PROHIBITION WAVE

Reduction of Alcohol in Beer Also Favored By Brewers' Association.

Chicago, Dec. 14.—Reduce the volume of alcohol in beer to three per cent, so as to make it a temperance drink is the proposal of the leading brewers of the country as a means of checking the prohibition wave which threatens to sweep away the great brewing industry.

The brewers also join the ranks of those who are fighting to do away with the bar room. They propose in the place of the saloon, a place resembling a restaurant into which women will not be ashamed to enter.

The opinions of the brewers were gathered by the American Brewers' Review. The consensus shows that the brewers want to bring about these changes:

Elimination of the bar.

Keep drinking places open to view from the street and do away with all secrecy.

Win for places where beer is sold such a character that a man will not hesitate to take his wife into them.

Convince the public of the error of the idea that beer is strong drink.

Separate the sale of beer from the sale of whiskey.

Have the brewery industry aid in the rigid enforcement of all laws relating to the sale of liquors.

New issues and new leadership for the brewing industry.

Some of the brewers were in favor of only two per cent, of alcohol in beer, but a majority seemed to prefer three per cent, as the maximum. At present light beers average about six and a half per cent alcohol and ale and porter about seven per cent.

NOTABLES RESPOND TO QUESTION

New York, Dec. 14.—Replies received from men of prominence in answer to the question "What is the greatest safeguard against temptation?" were read tonight by Rev. Andrew's Methodist Church. Some of the answers were:

"High Aims." Andrew Carnegie.

"Influence of a good mother." Dr. Lyman Abbott.

"The will to resist." Oscar S. Straus.

"Influence of a good home to those who have it and fear to those who have not." Booth Tarkington.

"Knowledge." Arthur Brisbane.

"Will." Irving Bacheller.

"Healthy interest in good things." Sir Rabindranath Tagore.

Dr. Adams, welding the replies he had received into a composite, declared the real answer to be:

"Association with the best as revealed in Christ."

Yuletide Again.

The Yuletide season is with us again.

It is with us, but not of us, for much of the earth knows little of joy today.

Upon many millions of people the sun shines as brightly as in the days of old, but its lustre is dimmed by the shedded blood of suffering humanity.

The benign smile of the Divine One is as tender and as loving as when the world was young, but the twentieth century finds too many of the human race bent upon pleasure, and profit, and revenge, and forgetful of the beauties of life as seen through eyes that are better and holier than ours.

It is with this knowledge that the people of our little community approached the Yuletide time, when all should be sunshine, and gladness, and joy.

But if we may not sway the rest of the world, if our voice be not heard beyond the confines of our own fire-sides, we yet may look upward with a feeling of gladness and thankfulness that the horrors that are engulfing the rest of the world have at least passed us by.

We may be thankful that we have even an hour of peace and prosperity for our country, though no one knows when the withering hand of the blight of the century may be spread over our own fair land.

Let us be joyful today, but let us mingle that with compassion for the stricken ones of other lands, to whom the Yuletide season is but a mockery and an agonizing delusion.

WHY SUFFER?

We have discovered a wonderful cure of dyspepsia and indigestion, simple and harmless, yet effective and permanent. Send \$1.00 for formula. You should have it always ready for emergency. It may save you untold suffering.

Teutons Never Will Be Conquered By Entente Allies, Austrians Claim

London, Dec. 14.—An official Austrian statement, referring to the peace offer, says:

"When, in the summer of 1914, the patience of Austria-Hungary was exhausted by a series of systematically continued and ever-increasing provocations and menaces, and the monarchy, after almost 50 years of unbroken peace, found itself compelled to draw the sword, this weighty decision was animated neither by aggressive purposes nor by designs of conquest, but solely by the bitter necessity of self-defense, to defend its existence and safeguard itself in the future against similar treacherous plots and hostile neighbors.

"That was the task and aim of the monarchy in the present war. In combination with its allies, well tried in loyal comradeship in arms, the Austria-Hungarian army and fleet, fighting, bleeding, but also assaulting and conquering, gained such successes that they frustrated the intentions of the enemy. The quadruple alliance not only has won an immense series of victories, but also holds in its power extensive hostile territories. Unbroken in its strength as our latest treacherous enemy has just experienced.

"Can our enemies hope to conquer or shatter this alliance of powers? They will never succeed in breaking it by blockade and starvation measures. Their war aims, to the attainment of which they have come no nearer in the third year of the war, will in the future be proved to have been completely unattainable. Useless and unavailing, therefore, is the prosecution of the fighting on the part of the enemy.

"The Powers of the quadruple alliance on the other hand have effectively pursued their aims, namely, defense against attacks on their existence and integrity, which were planned in concert long since, and the achievement of real guarantees, and they will never allow themselves to be deprived of the basis of the war."

their existence which they have secured by advantages won.

"The continuation of the murderous war, in which the enemy can destroy much, but cannot, as the quadruple alliance is firmly confident, alter fate, is ever more seen to be an aimless destruction of human lives and properties, an act of inhumanity justified by no necessity and a crime against civilization.

"This conviction and the hope that similar views may also be begun to be entertained in the enemy camp, has caused the idea to open in the Vienna Cabinet—in full agreement with the Governments of the allied (Teutonic) Powers—of making a candid and loyal endeavor to come to a discussion with their enemies for the purpose of paving a way for peace.

"The Governments of Austria-Hungary, Germany, Turkey and Bulgaria have addressed today identical notes to the diplomatic representatives in the capitals concerned, who are entrusted with the protection of enemy nationals, expressing an inclination to enter into peace negotiations and requesting them to transmit this overture to enemy states. This step was simultaneously brought to the knowledge of the representatives of the Holy See in a special note and the active interest of the Pope for this offer of peace was solicited. Likewise the accredited representatives of the remaining neutral states in the four capitals were acquainted with this proceeding for the purpose of informing their Governments."

"Austria and her allies by this step have given new and decisive proof of their love for peace. It now is for their enemies to make known their views before the world. Whatever the result of its purpose, may be, no responsibility can fall on the quadruple alliance, even before the judgment seat of its own peoples, if it is eventually obliged to continue its life blood."

First Chief Makes Kick.

Mexico City, Dec. 14.—Persons arriving here today from Queretaro, who are believed to be in a position to speak accurately, give the strong impression that General Carranza has not approved unqualifiedly the protocol submitted to him as a result of the discussions between the Mexican and American Commissioners at Atlantic City, and that any tentative approval on the part of the Mexican Commissioners, through Alberto J. Pani, depends on the fixing of a definite date for the withdrawal of General Pershing's troops, irrespective of conditions.

According to press reports the protocol provides for withdrawal of these forces within 40 days if conditions should warrant.

It is believed objection also has been raised to granting the right of unlimited pursuit of bandits.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the body, removing the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case in which it fails to cure. Send for list of testimonials. PRICE ONE DOLLAR PER YEAR

NEIGHBORHOOD NEWS

OLATON.

Dec. 18.—Olaton is primed for peace during the holidays. We have a deputy sheriff with us now, Mr. C. L. Wedding, Dundee, is making his headquarters at Olaton and we feel like we will have a merry Christmas and the good citizens will not be afraid to sit by their windows on account of so much promiscuous shooting. Why not ask the legislature to make each one who sells pistol cartridges pay a license of \$100. We druggists have to pay a tax for the privilege of selling narcotics and other drugs which are much more useful than these cartridges. In fact, the drugs are needed in the community and the cartridges are not only a nuisance but a curse to any community.

Mr. Thomas Saltsman and family have moved near Deanfield.

Mr. Cortes Payton and family now occupy the house they vacated.

Several of the boys of Olaton, who went to Indianapolis, Ind., to get work, have returned home.

We are having a real winter spell.

Mr. Robert Quisenberry and family have returned from Canada where they moved last fall.

Miss Clara May, who had been visiting her sister in Chatham, Ill., for several weeks, has returned home.

Mr. Walter May left for Detroit, Mich., last Thursday. Mr. Marion Patterson left Wednesday for Indianapolis seeking employment.

Mr. Albert Wing has built an addition to the house FitzHugh Martin resides in, which adds greatly to its appearance. Mr. Martin, who is one of the oldest section hands on the I. C. branch, has been promoted to foreman's place on the Deanfield section. He will move to his work about the first of the year. We regret to loose him and his family from our midst. They were good neighbors.

The way the snow is coming down it looks like we might have a white Christmas.

Mr. J. B. Dossett, of Sacramento, spent the day with J. B. Canan recently.

I have not seen a drunk man since C. L. Wedding came to our town to reside.

The Sunday School was well attended yesterday, considering the weather.

We are glad to see the price of wheat dropping. We will be glad if it would get down so we can have a biscuit to mix with our cornbread occasionally.

CEDAR GROVE.

Dec. 18.—There has been a big snow in this community. Weather very cold. Fine rabbit season. Lots of them have been killed since Nov. 15th. Price good—12½¢ each.

Miss Idaore Russell, of Owensboro, is visiting her brother, Mr. H. Russell, and family.

Mr. R. M. Quisenberry and family have returned from Canada.

Mr. Tom Duff, wife and son, of Louisville, are visiting Mr. Duff's parents, Mr. and Mrs. R. J. Duff, Sulphur Springs.

Mr. Charlie Duff has moved to Sulphur Springs.

School at this place, under the management of Mr. Mote Gentry, is progressing nicely.

Note—From our ten-year-old correspondent—L. O.

SEVENTEEN AMERICANS WERE KILLED

London, Dec. 19 (12:25 a. m.)—Seventeen American muleteers have been killed and eleven of the crew of the British horse transport ship Russian, which was sunk by a submarine in the Mediterranean on December 14. The British Admiralty makes this announcement as follows:

The empty westbound British horse transport ship Russian was sunk by a submarine in the Mediterranean on the 14th. Eleven of the crew were killed, including the chief officer, the first officer and the second officer. Also seventeen American muleteers were killed. Their names have been communicated to the American consul.

The transport Russian referred to probably is the British steamer of

We Want Walnut Logs

Highest Cash Prices Paid

If you have any good Black Walnut timber on your place which you would like to convert into spot cash at the highest market price, write at once stating number, size and thickness of logs you could furnish and at what R. R. shipping point.

C. Mengel & Bro. Co., Inc., Louisville, Ky.

that name which sailed from Newport News November 16 for Alexandria, Egypt, which would be about due to return. Her net tonnage was 5,753.

The Russian was formerly the Victorian, owned by F. Leyland & Co., of Liverpool. She was built in Belfast in 1895, and had a gross tonnage of 8,825. The steamer was 502 feet long, with a beam of fifty-nine feet and a depth of thirty-five feet.

WILSON THANKS JAMES FOR WORK IN CAMPAIGN

Washington, Dec. 18.—Senator James, who took an active part in the recent campaign and who had much to do with bringing about the unprecedented victory for the Democratic party, has received the following letter from the President:

"The White House, Washington, December 12, 1916.—My Dear Senator: I am sure you know what I think of your work in the campaign without telling you, but I want to give myself the pleasure of telling you.

"It was generous of you to bestir yourself to help in so many parts of the country, and I have reason to know that the help was very effective indeed. Your own ardor and your own unqualified devotion to the things that we have been fighting for proved contagious as you displayed them, and I think the whole party is your debtor.

"Cordially and faithfully yours,

"WOODROW WILSON."

"Hon. Ollie M. James, United States Senate."

An Average Of \$11.85 Per Cwt.

Yesterday's Owensboro Inquirer says:

The week's tobacco market opened strong. On the Owensboro loose leaf floors the managers of the houses thought they had a common lot of tobacco but when the buyers got busy a different story was unfolded. The average of the day about \$1 per hundred above the average of Saturday, which had been considered a hummer from the grower's point of view. The record price of \$23.50 for Pryor tobacco on the local market was knocked higher than a kite when J. W. Lindsey, of St. Joseph, put up a basket that brought \$25 per hundred pounds and another that brought \$24. On all the floors bidding was fast and the prices, to all appearances, very acceptable.

On the floor of the Owensboro Tobacco Warehouse Company, where Lindsey's tobacco brought the record price, 53,450 pounds were sold. The whole quantity brought to the growers a total of \$6,334 and an average of \$11.85. Trash at this sale sold as high as \$12.75.

Large Hog.

J. R. Kevil can boast of the largest hog ever slaughtered in this county, at any rate, the hog he had killed last week, weighed nearly one thousand pounds. He sold the two hams which weighed 62 pounds each, to Jenkins & Sigler. The head, which weighed 69 pounds, was sold to Henry Martin for \$5.52.—[Princeton Leader.]

Lake of Fire Near Rim.

Honolulu, Dec. 14.—The lake of fire within the crater of Kilauea has risen to within 140 feet of the the rim, and is climbing rapidly. Prof. Thomas Augustus Jaggar, Jr., Director of the Hawaiian Volcano Observatory, said to-day it probably would reach the top. He said the phenomenon was unparalleled in the last quarter century.

Thanks For Both.

Centertown, Ky., Dec. 15, 1916.

Mr. F. L. Felix, Hartford, Ky., Dear Sir:—Find enclosed check for \$1.00 for which you will please send on Herald. A merry Xmas and a happy New Year to you.

Yours truly,

S. R. JAMES.

NOTICE TO CREDITORS.

The creditors of the Dundee Mercantile Company are hereby notified that the undersigned assignee of said estate will, on Monday, January 1, 1917, at Dundee, Ohio county, Kentucky, sit to receive claims against said estate. Any claimant failing to present, at the time named, his claim verified in the same manner as claims against the estate of decedents, except that it need not be verified by any person other than claimant, shall be deemed to have waived his right to any part of the assigned estate.

Each of the creditors are therefore requested to properly verify their claims and present them to me at the time and place named.

Those knowing themselves indebted to this firm will please call and settle.

This December 1, 1916,

A. R. RENFROW,

Assignee Dundee Mercantile Co.

You never can tell. Lots of people who marry for money are investing in gold bricks.

EIGHT-HOUR ACT

REPEAL FOUGHT

(Continued from 1st page.)

until January 1, 1918. This may provoke a storm of argument, as friends of the State regulation of railroads are expected to oppose the resolution vigorously. Assurance of the President's desire to have the resolution adopted is expected to be sufficient to carry it through the House.

The Chamber of Commerce of the United States announced tonight that a referendum vote of member organizations had been ordered on a report of its Railroad Committee recommending legislation to prevent strikes or lockouts pending investigation of disputes between railroads and their employees. The committee proposes that the interest of the public in such controversies be recognized as paramount and that representatives of the public constitute the majority of any board of conciliation or arbitration.

SUNDAY SCHOOL PROGRAM.

The Ohio County Sunday School Convention of Missionary Baptists will meet at Hartford Baptist church, Sunday, December 31, with the following program: (Standard of excellence for Baptist Sunday Schools.)

9:30 a. m., Local Sunday School meets.

10:00 Business.

10:15, A Perennial Sunday School

—L. W. Tichenor.

10:30, Baptist Literature—Roy

Foreman.

10:45, Sunday School under

Charge Control—A. M. Smith.

Any questions will be in order

while the topics are being discussed.

All Sunday Schools please be repre-

sented. BIRCH SHIELDS, Pres.

W. M. FAIR, Sec'y.

RADIM AS CANCER CURE FAILURE, WOOD REPORTS

New York, Dec. 17.—After exhaust-

ive tests upon rats, mice and guinea

pigs, the use of radium as a cure for

cancer and tumors has been found to

be a failure, according to the annual

report of Dr. Francis Carter

Wood, head of the Crocker Cancer

Research Fund of Columbia University,

made public tonight. For cases on

which operation is not possible

radium is successful as a palliative

only, the report states.

It is unquestionably possible to

prolong life in a few instances," Dr.

Wood says, "and to make the pa-

tients more comfortable by the ju-

dicious and intelligent employ-

ment of large quantities of radium. On

the other hand, it is equally certain

that it is a failure in all cases."

Well, Eat Ostrich.

St. Louis, Dec. 18.—Four os-

triches, which will be sold in New

York City for Christmas dinners at

about \$1.50 a pound, arrived in St.

Louis this morning from California.

One, weighing 300 pounds, cost the

commission merchants \$50 in Calif-

ornia.

WILL Stay Right With Congress.

Washington, Dec. 15.—No out-of-

town engagements will be accepted

by President Wilson during the pres-

ent session of Congress. This reply

is being made to the many invita-

tions received by the President re-

cently to speak in different sections

of the country.

Cut His Feed Cost In Half

The following letter shows you just

what you can do in cutting down your feed

cost feeding Distillers' Dried Grains:

Greenville, Ky., December 12th, 1916.

Glenmore Distilleries Co.,

Owensboro, Ky.

Gentlemen:—

I have been using the Dried Distiller's Grains as a
